CLEAN GREEN BOAT MAINTENANCE CHECKLIST

Produced by the

The California Coastal Commission & the California Department of Boating and Waterways' Boating Clean and Green Campaign

Clean Green Boat Maintenance - A Pollution Minimization Checklist for boat maintenance contractors and do-it-yourself boaters

This **FREE** 17-page booklet will help those who conduct boat cleaning, repair, and maintenance activities outside of a boat repair facility to identify ways to prevent pollutants from entering California waterways.

Display this publication at:

- Boat yard offices (where do-it-yourselfers are permitted to work)
- Marina offices
- Marina docks
- Marine supply shops

Maximum order is 100 Checklists per order
