Attention:

Ms Heidi Scoble

We would like to conditionally support the proposed project at 6 Josephine by the Woodmans. We have been told by Jane that our concern over the original proposed garage height is being addressed. We are out of town for this upcoming meeting and there are no new story polls to indicate the revised garage height. Assuming the impact on or eastern view has been appropriately addressed, we would like to lend our support to the project. All other features of the proposed new duplex design meet with our highest approval.

Best regards,

Fred and Carol Lax Hoerner
