Hi Kim,

Thanks so much for your quick response! This week is quite a hectic week for both my husband and I as we are traveling out of town for work, so unfortunately won't be able to stop by your house this week or attend the meeting on Wednesday night-I am sorry! With that said if you have a list of neighbors that are opposed to the development you can certainly include our names/address as well. I'll be returning next Sunday (Dec 8th) and if there happens to be any subsequent hearings/follow up I can stop by to chat and at the very least introduce myself.

Thank you! Have a nice evening!

Hi Kim,

Our apologies for the delay in responding to your letter, we've been out of town for some time. My husband and I live at 145 Edwards Ave. (on the street leading up to Marion). We agree with the points made in your letter- unfortunately it appears we missed the deadline to submit the letters for the hearing.

With that said if there is anything we can do to help please let us know-we certainly are not in favor of the proposed construction in it's current proposal.
