FROM: Historic Landmarks Board, City of Sausalito

RE: Historical Review, 29 Caledonia, 333 Johnson St.

DATE: 6/13/2001

The Historic Landmarks Board at it's June 13, 2001 meeting reviewed the history of the buildings located at 29 Caledonia and 333 Johnson St. The Board determined that the 333 Johnson St. building has been modified several times since it's construction removing all historic value. The building at 29 Johnson St. has also been modified several times removing the majority of its historic value; the only element to remain is the brick façade on Caledonia and along Johnson St.
