Jeremy,

Please consider this my support for the approval of the request of Turney Street Partners' request to change the zoning to permit diagonal parking on our lot. As I understand, they requesting approval of an amendment to a previously approved Lot Line Adjustment to modify conditions of approval regarding striping the parking lot and landscaping at 300 Turney Street (APNs 065-032-03 and 065-032-02).

As a neighbor, I support the applicant request.

Thanks,
