RE: Emails on Sausalito MEF Status Report

## Hi Jeremy:

I think it is important that these types of communications take place. My response is that I agree that these may not fit Sausalito perfectly, and they are our initial look at some comparison cities. Our analysis of Sausalito will show whether these are ultimately good matches or not, they may not be. It is important that Sausalito residents and business realize that these progress reports are updates and not final declarations of findings. That will come at the end. All comments are good ones. These show the passion in Sausalito around these issues and a corroboration of some of the issues we thought would crop up.

Thanks, Jeremy.

Rob.

Subject: Emails on Sausalito MEF Status Report

Rob -

Attached are 2 emails I have received on your status report on the MEF study. Do you have any responses or comments you would like me to pass on the BAC tomorrow morning?
