## DISASTER PREPAREDNESS – EMERGENCY OPERATIONS PROGRAM

*“Preparing and Protecting our Community”*

### **TENS- Telephone Emergency Notification System**

TENS (Telephone Emergency Notification System) is an automated telephone notification system provided by the Marin County Sheriff’s Office of Emergency Services that works automatically through the 911 Emergency Telephone database. The City of Sausalito uses TENS to deliver pre-recorded messages to residences or businesses in specific areas depending on the nature of the emergency. You do NOT need to sign up for this notification system. If you do not have a landline telephone at your home or place of business, then you should sign up for MEANS.

If you have any questions regarding TENS, emergency communications methods, or any other Disaster Preparedness matter, please contact the City’s Emergency Services Manger, Sergeant William R. Fraass, at (415) 289-4172 or [disasterpreparedness@ci.sausalito.ca.us](mailto:disasterpreparedness@ci.sausalito.ca.us).
