SPECIAL EVENTS PERMIT POLICY AND PROCEDURE

PURPOSE

The purpose of this policy is to further and implement the Sausalito Special Events Ordinance, Chapter 17.32 of the Sausalito Municipal Code. This policy further specifies requirements and procedures for the approval of special events. The City Council has established these requirements and procedures for special events to ensure the general safety, health, and welfare of the community and to ensure that the temporary operation of each special event will be compatible with the neighborhood or area in which it is located. In the event of any conflict between the terms of the Sausalito Special Events Ordinance and this policy, the terms of the Sausalito Special Events Ordinance shall control.

POLICY

State and City law regulate the use of real property in the City of Sausalito. Generally, these laws establish both the structures that may be constructed on land and the activities that may be conducted thereon. The City receives numerous requests to allow activities, and occasionally structures, on City owned and controlled property on a “short term” basis. Some of these types of uses may allow private individuals, businesses, or not-for-profit organizations to hold special events that may temporarily alter the character of a particular area.

For the purpose of this policy, the Special Event Coordinator is the designee of the City Manager and is responsible for the administration of this policy. Unless otherwise determined by the City Manager, the Director of the Parks and Recreation Department is deemed the Special Event Coordinator.

PERMIT REQUIREMENT

No person shall conduct a special event on City owned or controlled property unless such person first obtains, and continues to maintain in full force and effect, a special event permit for such special event.

For purposes of this policy, “special event” shall have the same meaning as set forth in Municipal Code Section 17.32.030. Special events shall be limited in scope to activities that do not detrimentally impact the community. The Special Event Coordinator will evaluate the potential impacts of a proposed event. Factors shall include, without limitation, the following:

1. Impacts on Noise
2. Impacts on Traffic
3. Impacts on Parking
4. Impacts on the General Environment

City of Sausalito
Parks and Recreation Department

TEL: 415.289.4152 FAX: 415.289.4189

The Special Event Coordinator will not consider as a factor the content of any constitutionally protected speech at the event, unless there is a threat of immediate harm to persons or property. The Special Events Coordinator shall determine if the proposed Special Event is a “High Impact Special Event” or a “Low Impact Special Event.” Low Impact Special Events are generally those events that will not have a significant impact on the community or on City services. Low Impact Special Events typically will have 200 or fewer participants and will not be held in areas of high density. High Impact Special Events are all other events. It is important to note, however, that the number of participants alone cannot be the determining factor in deciding whether a proposed event is a Low Impact Special Event or a High Impact Special Event. The location, time of day, time of year, nature of the event combined with any other relevant factors must be taken into consideration. Therefore, it is necessary for the Special Event Coordinator to determine if the proposed event is a Low Impact Event or High Impact Event after considering all applicable factors.

PERMIT PROCEDURE

A person or persons wishing to hold a special event must file a Special Event Permit application with the Special Event Coordinator at least ninety (90) days prior to the date of the proposed event. Notwithstanding the preceding, the Special Event Coordinator may accept a Special event permit application less than 90 days in advance if the Special Event Coordinator determines (in his or her sole discretion) that there is adequate time for review of the application and if the conditions set forth in Municipal Code Section 17.32.090 are met.

A Special Event Permit application shall be on a form provided by the City of Sausalito. Low Impact Special Events may utilize the abbreviated form entitled “Special Event Application – Low Impact Events.” All other proposed events shall utilize the form entitled “City of Sausalito Special Event Information Sheet – High Impact Special Events. At a minimum, the application shall contain the information required by Municipal Code Section 17.32.060 and the following information:

1. The name of the special event organizer and the organizer’s contact person (if different);
2. A detailed description of the proposed special event (including the hours it is to be conducted);
3. The location of the proposed special event;
4. A precise diagram of the venue area and floor plan (if applicable) for the proposed special event;
5. A description of any special equipment or temporary building and structures, including tents, stages, “bounce machines”, and vendors booths, and their estimated delivery and set-up times;
6. The anticipated number of workers, participants and spectators at the proposed special event;
7. A traffic control plan (including any necessary directional devices and street closures) for the proposed special event.
8. Water facilities and sanitary measures (including toilets and trash containers) for the proposed special event;
9. A collection, recycling and disposal plan for garbage generated by the event;

10. A description of an arrangement to provide adequate parking for the people attending the event, including monitored bicycle parking at appropriate large public event;
11. Alcoholic Beverage Control Plan, if applicable;
12. Security measures for the special event.

INSURANCE REQUIREMENTS

The requirements of this paragraph shall be a condition of approval for any special event permit for a special event on City of Sausalito property. As a condition of permit approval, the special event permit holder shall obtain insurance, as required by Municipal Code 17.32.130. The permit holder shall also sign an indemnification clause agreeing to defend and hold the City of Sausalito, its officers, agents, employees, elected and appointed officials, representatives and volunteers, harmless from any claims, liabilities, losses or expenses arising from the special event. The permit holder shall submit the documents required by this paragraph no later than 5 calendar days prior to the special event.

ALCOHOLIC BEVERAGES

In the case where an “alcoholic beverage” as that term is defined by the Alcoholic Beverage Control Act of the State of California, will be served and/or sold at the special event, the Special Event Coordinator shall be satisfied that appropriate security measures are being taken and the special event permit holder shall obtain a letter of authorization from the Office of Chief of Police, and a daily license from the State of California Alcohol and Beverage Control Board. All events held on the property of the City of Sausalito will also require written authorization from the Office of the City Manager.
