Oonagh,
I would love to be at the meeting this evening.
I have a prior engagement that will also help Sausalito,
I committed to this before I heard about this meeting.

Please know, that I am an advocate of this project,
I have been a part of it from conception. From being on Caledonia
to moving my business to Princess Street, also living on Caledonia.

I am happy to help spear Princess Street, as well as Caledonia.

I am 100% behind this,

Importance: High

Hi Friends,

As many of you are aware the Sausalito Chamber has been diligently been working on improving pedestrian/directional signage in Sausalito for almost three years. This past July we were given approval of a comprehensive sign package by The Sausalito City Council and directed to Planning Commission (tonight!) at 6:30 pm

We are trying to improve our chances of gaining approval by reaching a little further into the community and asking for additional help from you!

We have 6 Proposed Locations for Directional Signage that we would like to initially install at:

1. Ferry Landing
2. Ice House Visitor Center on Bridgeway and Bay
3. Bridgeway and Princess Street
4. Bridgeway/Ensign/San Carlos/Caledonia
5. Bridgeway and Johnson
6. Bridgeway and Caledonia Street at Dunphy Park

RECEIVED
NOV 13 2013
CITY OF SAUSALITO
COMMUNITY DEVELOPMENT

This project is aimed at: A) directing residents and visitors to specific areas for shopping/dining; B) public amenities (i.e. restrooms/ferry/taxis) and; C) cleaning up a sign pollution problem we have throughout Sausalito.

I'm attaching a photo of a mockup of proposed signage and am asking you to either sign a petition that I have in my office today or send me back an email saying you have reviewed the photo and are supportive of the concept and hope the City will move forward in with the Sausalito Chamber's Directional Signage. Please include your address in your signature if you send it back by email.

We know that the signage will be inevitably by tweaked (color, font, etc) by the Planning Commission and Historic Landmarks Board once they have reviewed, but having a base of support of people strong in our community is very helpful.

If you would like to come to the meeting tonight to support the effort as well we would be most appreciative, it looks like we will be 2nd item on the agenda.

If would like to share with another friend please do as well. We're really looking forward to helping our Sausalito Districts with signage to support our local businesses and creating a better resident and visitor experience as well. *It's take a swell of people to turn the tide in the City of Sausalito sometimes, I appreciate you being part of our wave.*

If you have any questions, please contact me! *Please respond to just me in your email to avoid spamming everyone with unnecessary emails.*

Dear friends,

I am writing to request your support for our signage proposal. Basically, it is signage that lets tourist and locals alike to places of interest, or businesses. The City will pay for the signs that direct people to public places, etc, such as the Ferry Landing, etc. We merchants pay for our signage. Given the impossible odds of tourists finding Caledonia Street merchants without the aid of signage, I am hoping that you will understand our need for such directional signage and sign your name to the petition. The easiest would be to just reply to me with a short sentence of approval. Or, you can download the petition and scan it, sign it, and send it to me. I really appreciate your help with this. We are finally getting Caledonia Street into an exciting venue again...it would be super to let people know how to find us!

Thank you so much for your support,

Best,
 Katya

Hi everyone,

As mentioned at the last Meeting of the Caledonia merchants a couple of weeks ago, we have an **important meeting next Wednesday November 13th at 6:30pm regarding Directional Signage at City Hall**. Although our signage proposal was approved by City Council back in July, we still need to present our proposal to the Planning Commission and Historic Landmarks Board to get final approval to move ahead.

As you all know, signage is extremely important and essential to directing

Hi Katya,

I approve the implementation of signs to help bring more foot/tourist traffic to the Caledonia Street area.

I met a guy from Mill Valley yesterday who had no idea that Caledonia even existed & thought that the art scene in Sausalito was all about those art galleries downtown!!!!

Thanks for spreading the word bout this proposal

I agree signage should be approved to direct tourists to the Caledonia businesses.

Dear friends,

I am writing to request your support for our signage proposal. Basically, it is signage that lets tourist and locals alike to places of interest, or businesses. The City will pay for the signs that direct people to public places, etc, such as the Ferry Landing, etc. We merchants pay for our signage. Given the impossible odds of tourists finding Caledonia Street merchants without the aid of signage, I am hoping that you will understand our need for such directional signage and sign your name to the petition. The easiest would be to just reply to me with a short sentence of approval. Or, you can download the petition and scan it, sign it, and send it to me. I really appreciate your help with this. We are finally getting Caledonia Street into an exciting venue again...it would be super to let people know how to find us!

Thank you so much for your support,

Best,
 Katya

Hi everyone,

As mentioned at the last Meeting of the Caledonia merchants a couple of weeks ago, we have an **important meeting next Wednesday November 13th at 6:30pm regarding Directional Signage at City Hall**. Although our signage proposal was approved by City Council back

Katya:

Both Dennis and I will support this. I will sign, scan and send back to you. Good Luck!!

Katya: as a resident of Sausalito, I am in full support of the sign initiative that has been approved by the City Counsel. We need to support our local merchants in every way possible. This initiative makes sense!
