December 20, 2013

RE: Gate 6 Road Intersection Improvements

The City of Sausalito invites interested persons to participate in a workshop on improvements being considered at the intersection of Bridgeway/Gate 6 Road/Highway 101/North Bridge Boulevard. The purpose of the project is to improve operations and traffic flow for all travelers (including motorists, cyclists, and pedestrians) departing from Gate 6 Road, and for pedestrians/cyclists crossing Bridgeway in the existing crosswalk.

The City also seeks written and verbal comment and feedback on the concepts. The comment period will go from now until February 14, 2014. A workshop on the Project and Alternatives currently developed has been organized:

What: Gate 6 Road Intersection Improvements Workshop

Where: City of Sausalito Council Chambers

420 Litho Street Sausalito, CA 94965

When: January 15, 2014
Time: 6:00 PM to 8:00PM"

Plan concepts can be downloaded from the following internet link: http://www.ci.sausalito.ca.us/index.aspx?page=2068

Plans will also be on file at the Sausalito Library Reference Desk.

Written comments can be made by letter attention Jonathon Goldman Director of Public Works/City Engineer at 420 Litho Street, Sausalito, CA 94965 or e-mail at PublicWorks@ci.sausalito.ca.us with "Gate 6 Intersection Study" in the subject line.

Comments and workshop feedback will be reviewed and summarized in a presentation to the Sausalito City Council probably in late February of 2014. It is expected that from the feedback received a preferred plan will be determined. Questions about the alternatives can be answered by calling (415)289-4111. Should you receive a voice message please specify a time and telephone number that is most convenient for a returned call. Effort will be made to return the call within one business day. Thank you for your consideration.

Sincerely,

Jonathon Goldman,
Director of Public Works/City Engineer/ADA Coordinator
City of Sausalito
