7. Ongoing Efforts 7:20 – 8:00

A. Public Ashtrays / BaitTanks

Our Commission has purchased 4 BaitTanks and is intending to install them at the waterfront, 2 at Yee Tock Chee Park, and 2 at the Ferry Terminal.

BaitTanks collect cigarette butts and the placement of these "cute" receptacles in tourist coastal towns has helped towns like Carmel, Monterey Wharf, and Santa Cruz with their cigarette butt problems. Tourists seem to love them, and USE them more, and immediately get what they are. Currently, around town and in tourist areas, we use concrete ashtrays with sand tops, which fill with water in the rain, and the butts float out onto the street / park, plus into the Bay..

Bay Cities will empty the BaitTanks. And say it's actually easier to open the container, and tip out the butts, versus having to pull out individual butts from the sand traps.

The larger objective is to keep the butts out of the Bay, and stop smoking tourists from throwing their butts onto the street or into the Bay.

D. Restaurant and Business composting outreach – Brainstorm education and outreach plan
