Subject: Fwd: Environmental Design Archives - confirmation of appointment

Dear Joshua,

Attached are documents showing that the work Bernardi, through his firm, Wurster, Bernardi and Emmons, did for Bjorn Halling was on 213 North Street, Sausalito in 1952- 53. Bjorne was still married to Jean Chamberlain Halling (see handwritten signature on the first letter) at that time. He didn't marry Ida until the mid 1960's. Per the Cal archives, this is the only work that Bernardi did for Bjorn.

I would appreciate your forwarding this information to the members of the HLB. If you are unable to do so, please let me know and I will bring copies of this documentation to the hearing.

Thanks so much!

Darshan

Dear Mr. and Mrs. Halling:

It was very nice to see the good, stout foundation walls in place. At least now whatever further work you choose to do on the upper floors will be well supported.

I am enclosing our final statement which covers the time spent arranging for the Contractor to do the work, one inspection trip and some time on the telephone. It is always pleasant to have the total come so close to the estimate.

We will always be glad to be of whatever assistance we can for any other projects you decide to go ahead with later on.

Sincerely yours

Wurster, Bernardi and Emmons

Dear Mr. and Mrs. Halling:

We are enclosing a copy of a billing from Peter Bachus which seems to me to be reasonably in keeping with our original decisions.

Knowing that Peter's work is completely above board, I would not be inclined to check all the bills of material, however, if you wish I will be pleased to do so.

Please hold this statement for a few days, as I would like to stop by to see the completed work for a few minutes before certifying it for final payment.

Best wishes for the New Year.

Mr. & Mrs. Bjorn Halling,
213 North Street,
SAUSALITO, California.

Dear Mr. & Mrs. Halling;

Mrs. Ksandr has completed the plans after having measured your house. We have sent you a set of black line plans by First Class Mail to-day, under separate cover.

Now that the outline drawings are completed, I will take a quick fling at the foundation problems, and will report to you early next week.

The only reason I have not been in touch with you is that we are anxious to keep our work to a minimum in order to keep the job as reasonable as possible, and I have put off any conferences until such time as I could make some positive recommendations.

Very truly yours,

Wurster, Bernardi and Emmons,

Henry Schubart, Jr.
